

star of hope

A greeting from last year to all of you who gave

Faith in Action!

For over 50 years, Star of Hope has helped countless children break their poverty chains and learn about our Faithful God who loves them.

We have come alongside children from the slums who are now doctors, seamstresses, lawyers, teachers, pastors, bakers, electricians, politicians, and more.

How?

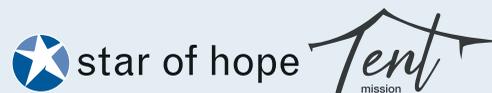

We are big enough to make a change and small enough to not get stuck in bureaucracy. We are smart enough to have our HQ in a basement, not a high rise. Our project managers are local, native people who love children, have joy in their hearts, and a love for God. We personally know the people in charge in each country, and they, in turn, know every child personally. We train and support them so they can change their own nations.

We give the kids something that nobody can ever take away from them, education and a firm introduction to the Gospel of Jesus Christ.

BE A CHRISTMAS BLESSING

Goat

\$70

Goats

Goats provide milk and money. Besides being undeniably cute, goats are counted as one of the most valuable things a family can own. At the projects, people have no bank account. With a goat they are not powerless in times of crisis, but can sell one of their goats and thus get money.

Goats eat nearly anything so it isn't difficult to keep them fed. The Billy goats are sold during times of crisis. The Nannies provide more kids to "Pay It Forward" and they produce nutritious milk whose surplus can be sold in the local market.

2 Chickens

\$20

Eggs and meat.

Hens and roosters equal eggs and meat for hungry families. Along with providing food, taking care of the chickens teach the children valuable life skills and responsibilities.

Chickens are also in the "Pay it Forward" program by sending eggs to the schools for lunches. In this way they get to experience the joy of giving to their community.

Pay it Forward

Some Star of Hope gifts are labeled "Pay it Forward." They are gifts that continue giving all year round.

Every year the goats give birth to kids. Every child that received a goat agrees to give away its first kid to another needy family. That child who owns nothing, gets to experience the wonderful feeling of giving. In this way, your Christmas present continues to spread joy and helps more vulnerable children each year.

All goats and chickens are bought at the local market in each village where we work. This is to benefit the local economy and reduce the transport of animals.

Positive change in the world doesn't require grand gestures or extensive planning. Instead, people can promote social good in simple, yet effective, ways while helping the local micro-economy and families.

Clean Water

\$10-8000

Disease-free water.

Provide a child with access to clean, disease-free water. The children are often the ones who get the chore of walking miles to a river and carrying water back for the family. This is a burdensome task and keeps them from their education.

We want to drill more wells to secure safe drinking water for the schools and neighborhoods all year round. The total cost of a new well is \$8000. If we work together we can reach the goal.

Evangelism

\$10-500

The Gospel

This gift provides Bibles and other Christian materials to the children free of charge. Pastors and AWANA programs will get training and support to reach out to others through community programs.

Most of the people we assist are extremely poor. They desire God's word, but they must often choose between food for the body and food for the soul. This gift provides them with both.

Family Christmas Bundle

\$50

Christmas Bundle

Thankful is what they will be when you send rice, cooking oil, canned fish, beans, powdered milk, sugar, soap, gifts, and much more. This box is what you would be hoping and praying for if you were a mother trying to take care of your family in an impoverished area.

This gift would be an extra blessing at Christmas time, and their time together will be made more joyful and memorable when they have fresh, warm food in their clean hands.
